This is a Gosai Mutt. The object of the grant is said to be the support of a Gosai. The succession to such Mutts' management is regulated by the express terms of the deed creating the office and when no such deed is forthcoming, by the usages of the Mutt. In the absence of any usage to the contrary, there is nothing to prevent a female from being a manager, unless the office involves the personal discharge of spiritual duties which a woman is incompetent to perform. I do not know if such duties are required to be done by the manager in the present instance.
